WHOLESALE

Set Sail in style with our new boat shoe. This boating-inspired moccasin loafer is elegant and lightweight, with a toothed rubber sole for extra traction and a padded insole for luxurious comfort.

3. CRUISER

Metal trim classic moccasin loafer

LONG COPY

Cruise to everyday comfort in our new classic leather loafer, a timeless wear-to-work style. Cruise (along with partner styles Drift and Sail) is an enhanced stylised version of our loafers, featuring a toothed rubber sole for added traction and exquisite cushioning from a padded insole. It is the smartest of loafers, fitting for every foot, style, and day, fully lined with premium leather and black variations including crinkle patent leather for a contemporary and super soft design. Cruise is polished with updated metallic trim detail for a classic yet contemporary feel, with its signature boat shoe styled stitching.

SHORT COPY 1

Our classic leather loafer features a toothed rubber sole for added traction and stylish metallic trim.

SHORT COPY 2

Our classic leather loafer features a toothed rubber sole for enhanced grip, a padded insole for luxurious comfort, and stylish metallic trim.

PAGE TITLE

Women's Moccasin Metal Trim Loafer With Padded Insole | Cruise Shoes

META DESCRIPTION

Classic leather loafer with fashionable metal detailing, a toothed rubber sole for added traction, and a padded insole for supreme comfort. The iconic boat shoe stitching and character leathers give this moccasin a modern twist.

WHOLESALE

Who doesn't enjoy a comfortable Cruise? The padded insole and grippy sole of our classic leather loafer provide exquisite comfort, while the moccasin stitching and metal accents lend boat shoe style.

4. TURN

Classic moccasin loafer with elasticated panels

LONG COPY

With its ultra-flexible sole and incredibly soft patent leather, this bestselling slipper-cut loafer cradles your foot. Turn's minimalist style has sophisticated, new Winter colours and patterns, as well as elasticated panels that stretch as you move for added walking comfort. This flexible, lightweight slip-on cushions your foot in comfort with its super soft and breathable textile lining and enhanced foam padding, while adding extra traction with its sturdy rubber sole. Slip on Turn for the ultimate in modern simplicity.

SHORT COPY 1

A loafer featuring a slipper-cut, ultra-flexible sole, incredibly soft leather, and elasticated panels for flexibility.

META DESCRIPTION

A slipper-cut flexible loafer with a soft textile lining with foam backing, a sturdy rubber sole for added grip, and elasticated panels that stretch as you walk for comfortable wear.

WHOLESALE

A bestselling slipper-cut loafer with an ultra-flexible sole and incredibly soft patent leather cushioning your foot. Elasticated panels provide a flexible and comfortable fit, while a rubber sole offers added traction.

5. ALICE

Moccasin loafer with breathable leather lining

LONG COPY

Alice, our iconic penny loafer, works hard all day to keep you comfortable. A padded insole provides supportive, breathable cushioning, while FreeSole's unique rebound technology absorbs and returns the impact of each step, resulting in less strain and a more comfortable, energised stride to help you go further. This flexible yet premium leather and suede slip-on is suitable for both casual and

smarter occasions, with a classic tassel adornment and a leather-suede or leopard print option for a contemporary touch, and is lined with fully breathable leather for enhanced softness and a premium feel.

SHORT COPY 1

A simple classic leather and suede slip-on with a tassel embellishment and breathable leather lining.

SHORT COPY 2

A classic leather and suede slip-on penny loafer with an energy-returning FreeSole for reduced fatigue and a breathable leather lining finished with classic tassel detail.

PAGE TITLE

Women's Classic Penny Loafer With Tassel Design | Alice Shoes

META DESCRIPTION

A classic leather and suede slip-on penny loafer with an energy-returning FreeSole and a cushioned insole to minimise fatigue, lined with fully breathable leather for extra softness and to keep the foot cool. Finished with a traditional tassel accent and a contemporary twist with a leopard print option, it's ideal for both casual and formal wear.

WHOLESALE

With energy-returning FreeSole technology, you may enjoy a traditional appearance with modern comfort while reducing tiredness. This slip-on penny loafer in leather and suede features a traditional tassel accent with a modern twist.

6. DORSET

Modern moccasin loafer with quilted leather

LONG COPY

Meet our smarter, more modern take on the classic loafer featuring quilted leathers, a higher vamp and hardware detailing. Dorset uses FreeSole which absorbs the impact of your step and returns that energy into the next, enhancing your walking motion, while a padded insole provides underfoot super cushioning. Perfect for both smart and casual wear, with help from its leather and tassel design. Go with Dorset for a modern, super-cushioned wear-to-work loafer.

Boots

1. WHISPER

Bestselling classic ankle boot

LONG COPY

Whisper is hard to keep quiet about, especially when it comes to stylish comfort, with everyone praising our popular classic mid-cut slouch boot. While a padded insole provides deep cushioning and breathability, FreeSole absorbs the force of each step and returns it to the next, improving your walking motion and minimising fatigue. The boot's iconic ruched leg is enhanced by our durable leather or new soft neutral designs, perfect for transitional wear. Whisper also comes in black suede with leopard counter option, delivering casual softness and a twist of colour. It's a simple, stylish bestseller because it features twin side zips for quick fastening and easy foot entry.

SHORT COPY 1

Leather and suede classic mid-cut ankle boot with double side zips for easy fastening

SHORT COPY 2

With energy-saving FreeSole technology and twin side zips for quick fastening, Whisper classic leather or suede ankle boot is a must-have

PAGE TITLE

Women's Classic Mid-Cut Ankle Boot With Double Side Zips | Whisper Boots

META DESCRIPTION

A classic leather and suede mid-cut ankle boot with two side zips for convenient closure. With a high energy return, FreeSole gives your walk more power, while a padded insole provides deep cushioning for reduced fatigue and extra comfort.

WHOLESALE

Classic leather and suede ankle boot with double side zips for quick, easy closure and energy-saving FreeSole technology to help reduce fatigue.

2. MURMUR

Classic leather short ankle bootie

LONG COPY

Murmur, our mini-Whisper bootie, is a lighter, shorter cut version of our bestseller. A lower cut allows you to wear it all year long and coordinate with your entire wardrobe, now coming in new tan and metallic pewter options to complement the choice of rich tones. Our Hotter FreeSole technology, which is made with our Cushion+ technology, gives extra power to your walk thanks to its high energy return, while its dual-density insole cushions support the hardworking regions of your foot. This bootie is made of soft leather with a faux fur interior for all-day comfort. It sits on a modern treaded sole for enhanced flexibility and grip. Murmur is the all-season boot with Whisper transitional styling at its core and inside and outside zips for quick, convenient fastening plus simple foot entry.

SHORT COPY 1

A mini-Whisper boot with Cushion+ technology for optimal comfort and two side zips for quick fastening

SHORT COPY 2

A mini-Whisper boot featuring Cushion+ technology, twin side zips for easy on and off, and a flexible treaded sole for increased traction

PAGE TITLE

Women's Low-Cut Ankle Bootie With Double Side Zips | Murmur Boots

META DESCRIPTION

Inspired by the bestselling Whisper boot, Murmur is a low-cut bootie in soft leather with a faux fur lining. A treaded sole gives extra flexibility and grip, while double zips provide quick fastening and a broad foot entry. Cushion+ technology minimises fatigue with a breathable dual-density insole and energy return technology from FreeSole.

WHOLESALE

Meet mini-Whisper, a lower-cut boot featuring energy-returning Cushion+ technology, a flexible tread for added stability, and twin zips for quick and easy adjustability.

3. DERRYMORE II

Long leg leather boot with discreet zip

LONG COPY

Derrymore II, your favourite mid-calf boot, is now more supportive than before – a trendier update on our long boot with added elastic on the inside and top for a better, more flexible fit. The boot features a ruched leg for softer, casual styling. Stability+ technology's hidden balancing bar supports your arch and heel, while FreeSole's high energy return gives extra power to your stride, and dual-density insole cushions support the hardworking regions of your foot. Derrymore II's exceptionally

soft leather provides better comfort and a relaxed aesthetic, complimenting the boot's incredibly warm and comfy interior with extra foam backing and finished with soft felt lining and a fixed button for artisan style. Slip into the blissful warmth of Derrymore II and secure your fit easily and quickly with the discreet full-length inside zip.

SHORT COPY 1

A popular ruched mid-calf boot with a full-length internal zip and Stability+ technology

SHORT COPY 2

Everyone's favourite mid-calf ruched boot now features Stability+ technology for superior lateral support, a breathable padded insole, and a soft felt lining with foam backing, as well as a hidden full-length inside zip for a snug fit.

PAGE TITLE

Women's Mid-Calf Ruched Boot With Full-Length Inside Zip | Derrymore II Boots

META DESCRIPTION

A bestselling mid-calf ruched boot in soft leathers, now featuring Stability+ technology. A hidden balance bar supports your arch and heel, FreeSole provides a high energy return, a padded insole gives breathable cushioning, a soft felt lining with foam backing adds comfort and a discreet full-length inside zip offers a quick, secure fit.

WHOLESALE

This mid-calf ruched boot is an all-time favourite with a trendy update, providing superior lateral support from Stability+ technology and added elastic for a better fit, extra comfort from its soft felt lining and a secure fit from its discreet full-length zip.

4. DAYDREAM II

Twin touch-fastening ankle boot

LONG COPY

The bestselling Daydream II has been upgraded with twin touch fastening straps for easier, double adjustability to provide your perfect fit. Stability+ technology's hidden balancing bar supports your arch and heel, while FreeSole's high energy return gives extra force to your walk and a dual-density padded insole decreases fatigue. In both leather options, a padded sports collar and tongue cushion support your ankle, with either a warm faux fur and collar option or soft textile and leather lining for padded comfort and breathability, and a treaded sole that offers flexibility and grip. Daydream II also comes in a new black option for a smarter style.

SHORT COPY 1

The bestselling Stability+ boot, which has a padded collar and tongue, is now available with touch-close fastening straps and a faux fur or soft textile lining.

SHORT COPY 2

With Stability+, FreeSole technology, a cushioned collar and tongue, warm faux fur or soft textile lining, and two touch-close closing straps for a more secure fit, this customer favourite has been updated to a sleeker, smarter fit.

PAGE TITLE

Women's Ankle Boot With Twin Touch-Close Fastening Straps | Daydream II Boots

META DESCRIPTION

A more refined version of the original. FreeSole absorbs your energy and transfers it into your next step, while Stability+ technology supports your arch and heel. A warm faux fur or soft textile lining cushions your foot, a treaded sole gives flexibility and grip, and two touch-close closing straps make finding your exact fit simple.

WHOLESALE

With two touch-close fastening straps for easier adjustability, Stability+ technology, and a warm faux fur or soft textile lining, this customer favourite has been redesigned to a sleeker fit.

5. ELLERY III

Leather lace-up ankle boot

LONG COPY

One of our most popular styles, Ellery, has been redesigned for a roomier, more comfortable fit – a refreshing feminine take on the bestseller with added details and softer leathers. The nubuck back counter has been removed for added practicality yet still features a supportive heel counter shape and stitching and longline lace for adjustability. This bestselling lace-up boot, with no zip for a cleaner style, as well as folded edges with invisible stitch lines, for a neater, sleeker look. Ellery III also includes our Cushion+ technology with Fiesole for a high energy return, as well as an optimal insole built for long-term comfort and fit. Memory Foam in the padded tongue and ankle collar, as well as subtle padding in the lining, ensure complete 360° supportive cushioning in a style that moulds to your foot. With its soft, breathable textile and leather lining, Ellery III offers warm comfort and breathability, as well as all-season style for pleasant and easy everyday wear.

SHORT COPY 1

Refined leather lace-up boot with Cushion+ technology and padding all the way around the foot

SHORT COPY 2

A lace-up boot with FreeSole technology for a high energy return and two layers of Cushion+ Memory Foam, plus cushioning in the lining, tongue, and collar for 360° comfort.

PAGE TITLE

Women's Lace-Up Ankle Boot With All-Around Cushioning | Ellery III Boots

META DESCRIPTION

A refined lace-up boot with 360° comfort, now with a roomier fit and Cushion+ technology, featuring a high-energy return FreeSole and two layers of memory foam, and cushioning in the lining, tongue, and collar.

WHOLESALE

The energy-returning Cushion+ technology, two layers of memory foam, and soft cushioning in the lining, tongue, and collar provide 360° comfort in this lace-up boot.

6. TIA

Stylish wedge ankle boot

LONG COPY

Our wedge ankle boot is back, this time as an update on an old classic with ruched details, offering an asymmetric bar and touch-fastening that wraps around the foot for a perfect fit, added comfort and easy entry. For lovers of the wedge profile boot, Tia brings a smart boot to your wardrobe that goes well with trousers, while the slouchy leather also means it can be part of a relaxed look. FreeSole technology reduces fatigue through its high energy return, giving you a much easier stride. A welcome addition to any lady's smart range, Tia's modern wedge profile design also provides extra grip for great stability and an inside zip for quick fastening.

7. PIXIE III

Natural suede slouch ankle boot

LONG COPY

We have pared the bestselling Pixie down to its essence, resulting in a slightly taller yet sleek and modern ankle boot that can be worn every day with its higher cut for premium style. The soft suede natural slouches of Pixie III create a relaxed, casual aesthetic, and the incorporated Cushion+ technology transforms that look into one you can experience with every step. A dual-density insole provides optimal breathability and extra support, while FreeSole inserts deliver a high energy return to add more power to your walk and reduce tiredness. Along with its natural slouch, Pixie III's handwoven plait detail offers this casual boot an artisan appeal, while the faux fur super soft upper and lining provides comfort and warmth. Pull on this casual boot with the help of the back loop tab and fasten your perfect fit with ease with the outside metal zip with tassel.

SHORT COPY 1

Cushion+ technology, artisan plaited detail, and an outer metal zip characterise this natural slouchy suede boot.

SHORT COPY 2

Natural suede folds, a handwoven artisan plait, and an outside zip for a quick, perfect fit, with Cushion+ to complement its slouchy style.

PAGE TITLE

Women's Soft Suede Slouchy Boot With Handwoven Plait And Outside Zip | Pixie III Boots

META DESCRIPTION

For a casual everyday look, opt for a cleaner, polished slouchy boot with natural suede folds. Cushion+ technology's FreeSole provides a high energy return, while a padded insole delivers breathability. A handwoven plait adds a handmade touch, while an outside zip allows for quick and easy fastening.

WHOLESALE

Natural suede ankle boot with artisan plait detail and a casual slouchy fit. With the rear loop tab, pull on this Cushion+ design and secure your fit with the outside zip.

8. RAPID III

Vintage leather ankle boot

LONG COPY

Rapid has been redesigned with a higher cut and vintage leather look, full of character. The boot's zip-up high-top style is a more modern, trendy, and feminine design combined with outdoor performance. Our Stability+ technology provides exceptional lateral support, while FreeSole adds extra power to your walk with its high energy return, and the dual-density insole cushions and supports the hardworking areas of your foot, making this design both fashionable and practical. The rubber sole of the boot is ideal for Winter grip and is thickly cushioned with a soft, supportive interior. Rapid III keeps you standing taller for longer in supreme comfort, which you can customise

with adjustable long lace run and instantly secure with the outside zip to your personal requirements, and then zip and go for everyday easy wear.

SHORT COPY 1

Stability+ technology, a grippy sole, padded linings, and long lace and zip fastening make this a practical yet trendy boot.

SHORT COPY 2

Stability+ technology, a gripping sole, heavily cushioned linings, adjustable laces, and an outside zip combine to create a stylish and supportive hiker.

PAGE TITLE

Women's High-Cut Vintage Leather Boot With Lace And Zip Adjustability | Rapid III Boots

META DESCRIPTION

A popular boot with a higher cut for a practical Deck-inspired hiker, with a hidden balance bar from our Stability+ technology for outstanding lateral support, a high-energy-returning FreeSole, and deep cushioning from a dual-density insole. A gripping cleated sole, thickly cushioned lining, and dual fastening with adjustable laces and an outside zip provide practicality and comfort.

WHOLESALE

Stability+ technology supports your arch and heel, making this a sophisticated boot that is also functional. With its grippy sole, thickly cushioned linings, adjustable laces, and outside zip, this hiker is both comfortable and supportive.

9. HARLOW

Biker style ankle boot

LONG COPY

Harlow is our new biker-inspired ankle boot that adds a stylish attitude and confidence to your look with a more modern design. The boot has three buckles, two of which are adjustable to ensure the perfect fit. FreeSole adds more power to your walk through its high energy return and the dual-density insole cushions and supports the hardworking parts of your foot, making this hiker style both fashionable and highly practical. With a soft, supportive faux fur collar and lining that perfectly contrasts with the cleated outsole, Harlow is your modern yet practical ankle boot, with an athleisure influence in the upper pattern details.

LOVE

100% organic wool mule slipper

LONG COPY

Fall in Love with premium comfort with this iconic slip-on slipper. Love is inviting you to indulge in the luxury of pure premium wool. This wool is made from sheep fleece, a naturally renewable felt that keeps your feet cool and dry and creates a comfortable fit thanks to its natural flexibility - not to mention how nice it feels on your skin! This elegant super-soft slipper is styled in a bohemian design and seam-free for all-around comfort. Its broad fit ensures that your feet are happy and comfortable, while the grippy rubber sole ensures that they last. Love is a slipper that gives back with its luxury look and feel and easy, relaxed comfort.

SHORT COPY 1

Fall in Love with premium comfort with this iconic slip-on slipper.

SHORT COPY 2

Crafted with a grippy rubber sole for extra stability, this seam-free wool slipper is a soft, durable and breathable wear.

PAGE TITLE

Women's Pure Organic Wool Slipper With Bohemian Style | Love Slippers

META DESCRIPTION

A women's wool slipper with a seam-free bohemian design that keeps your feet cool and dry and forms a comfortable fit thanks to its natural elasticity. This slipper is made from a naturally renewable resource - sheep fleece. It's soft and warm against your skin, and it sits on a wonderfully grippy rubber sole with a wider fit.

WHOLESALE

This 100% organic, renewable wool slipper, pared-back and seam-free, offers a bohemian and super soft option, sitting on a grippy rubber sole and offering a broader fit.
