## **H2: How we can help**

We make the fuel purchasing process easy, accessible, and fast for your business, whether you're commercial or public sector. All our partners have a dedicated point of contact and a single fuel account manager to make fuel procurement simple and reliable.

We know how stressful it is when you run out of fuel in the middle of a job or can't find a reliable supplier to understand and fulfil your needs. So, we offer a leading service to fuel your business, and keep it running as best it can at all times.

From emergency supplies to regular deliveries, The Oil Depot is the fuel supply partner you can rely on. An industry expert in your corner, who comes through for your business, wherever you are and whatever your needs.

There are five key benefits to working with us that we consistently deliver on-

### **H3: Adaptability**

We take an innovative and versatile approach to the fuel industry based on knowing what our partners need.

By operating a brokerage business model, we are flexible and proactive so we can constantly adapt to your evolving fuel requirements in an ever-changing market. This provides your business with market resilience.

### **H3: Timesaving**

You don't have to deal with multiple suppliers and accounts for different locations

### **H3: Peace of mind**

Rest assured you're safe from the risk (and cost) of downtime caused by fuel running out

### **H3: Security**

You can feel confident your fuel needs are taken care of without it causing logistical issues, even in emergencies

### **H3: Quality**

You can always trust us to deliver gold-standard service and high-quality fuel products that keep your business running smoothly

## **H2: Who we are**

### **H3: We are knowledgeable**

We're proud of the 40 years of stellar experience we have in operating a fuel logistics service. Our customers know they can turn to us in any situation, whether it's a supply chain issue or a need for a more efficient and cost-effective fuel partner.

### **H3: We are reliable**

We understand the true cost of downtime, so we offer a 100% reliable service to ensure businesses that require fuel to function stay operational and profitable. Our customers depend on us to make things happen, wherever they are and whatever situation they find themselves in. This could be an emergency, a weekly top-up, or a switch to greener alternatives— we'll always be here to fuel your business.

### **H3: We are forward thinking**

As a proud GREENARC company, we embrace the opportunities for sustainability and a greener future and have a progressive mindset for our business and yours.

Like any well-run service providers, our industry-leading delivery is fuelled by core values that we take pride in upholding every day.

### **H3: Professionalism**

We take a modern, fresh approach to fuel delivery and offer exceptional service to our customers.

### **H3: Trust**

When it comes to fuel, being let down has a significant impact on your business. We're the partner you can trust to take your needs as seriously as you do.

### **H3: Confidence**

We have the utmost confidence in our power to deliver and you can have the same confidence your requirements will always be understood and fulfilled to the highest standards.

### **H3: Support**

Our dynamic, resilient approach means we provide the support our customers need to keep their operations running smoothly. We're always here when you need us, and you have a single point of contact to reassure you.

## **H2: Our customers**

At The Oil Depot, we supply a wide range of fuels, lubricants, and tanks to private sector businesses, and public sector organisations such as the NHS, schools, and HM Prison Service.

Our aim is to make your fuel and lubricant purchasing simple. We keep your operation moving with reliable and competitive bulk fuel deliveries.

We can service multiple locations nationally and take the headache out of managing that process for you. Many of our partners manage multiple sites and need a supplier who can streamline all fuel deliveries via a scheduled fuelling plan that optimises staff time, simplifies budgets, and avoids unnecessary downtime.

The Oil Depot team also loves working with businesses who keep sustainability and a green future high on their agenda, helping them achieve this by moving their fuel needs to a more-sustainable alternative.
